Guaranteed to take the edge off a kid's rough day!

Time

2 minutes to gather ingredients

10-12 minutes to prepare cocoa

90 seconds to drink cocoa

Ingredients

1½ C whole milk

½ C half and half

¼ C semi-sweet chocolate chips

1/8 t vanilla

1/8 t cinnamon

Makes two generous cups.

Preparation

Combine milk and half&half in deep saucepan. Heat over medium-high burner, stirring constantly. Do not boil the milk!

When the milk is warm/hot, add chocolate chips slowly, whisking constantly. Add all chips, keep whisking until chips have melted.

Note: you'll see tiny flakes of chocolate suspended in the milk. This is normal. It makes the cocoa awesome.

Add vanilla and cinnamon once chips have melted. Stir for 1 more minute.

Pour into mugs immediately.

For extra flair, add dollop of whip cream.

Blow on hot liquid. Sip. Enjoy the awesome. Repeat.
